

BUSINESS ANALYTICS MATURITY

EXTRACT THE BUSINESS VALUE FROM YOUR ANALYTICS INVESTMENT

POSITION YOUR ORGANIZATION FOR ROI

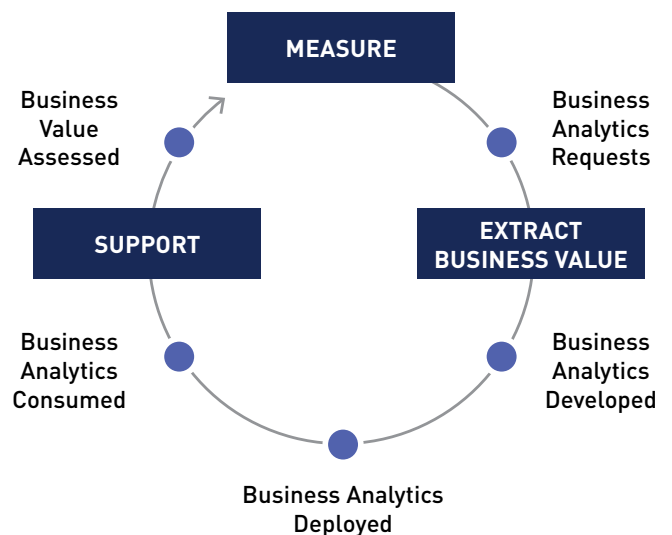

Even as insurance organizations increase their investments in analytics tools, applications, and related services, many continue to struggle with bridging the gap between business analytics expenditures and anticipated benefits. You need a solution that not only bridges that gap but takes your performance to the next level by maximizing the investments you've already made.

RESOURCE PRO'S PROVEN MODEL

ReSource Pro's Business Analytics Maturity model clearly outlines the operational practices and procedures that must be in place to operate as an analytics-based insurance organization. We overlay our proven model onto your existing business and technology environment to enable quick and accurate identification of gaps. This gives your organization the direction you need to bring your capabilities fully and rapidly to optimal levels. Our approach also examines data quality, process accuracy, cycle time, and controls to reveal specific opportunities to improve performance.

KEY DELIVERABLES

Based on where you are in your analytics journey, ReSource Pro takes both your short- and long-term goals into account to recommend a specific course of action. When you partner with us, you'll walk away with:

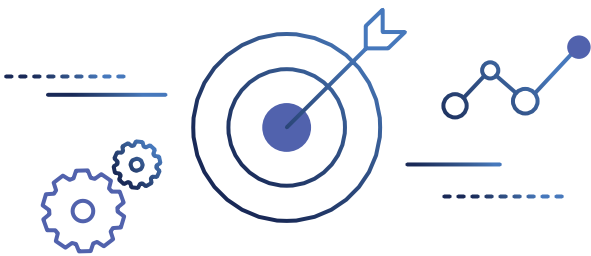

- An analytics process maturity summary that identifies:
 - An implementation approach for addressing any activity or environmental component gaps
 - Remediation approaches for nonperforming processes
 - Required advancements to achieve appropriate levels of maturity
- Recommended steps you can take today to derive value
- A key metrics gap analysis and improvement plan to optimize your analytics investment

WHAT ARE THE BENEFITS?

ReSource Pro's years of industry expertise and proven Business Analytics Maturity model help you create an efficient, effective business analytics environment and enable your organization to:

- Become more analytics-based
- Realize a return on your analytics and infrastructure investment
- Improve management of your business analytics environment
- Understand how you compare with industry peers
